

KLAS[®]
SPARE PARTS

About us

Our company, which has built a successful market presence in automotive industry with a 30-year experience, was named as **KLAS Otomotiv ve Pazarlama Ltd. Şti.** in 1993.

As a distributor of globally known leader production firms, Klas Automotive exports original spare parts for heavy and passenger vehicles. The company supplies the best and highest quality products to service stations and spare part sellers through its wide distribution network in Turkey and abroad.

Klas Automotive is export distributor of Valeo (in all product range) in Iraq, Kazakhstan, Georgia, Azerbaijan, Uzbekistan, Turkmenistan, Dagestan, Afghanistan, Kyrgyzstan, Pakistan and Tajikistan.

With its competent, experienced staff and technological investments, Klas Automotive continuously works to reach its targets.

Mission

To supply trading partners, which have enabled us to maintain our presence in the sector and made **Klas Automotive** a company of high quality and reliability, with top line products with the best possible price in the quickest way.

Vision

It is our main aim to work at a high level of professionalism by getting integrated into the international platform.

With our experienced, professional, modern and dynamic structure; we are determined to develop our range of products, quality and services constantly.

We are not resting on our successful past and always aiming for the better.

Supply Chain Management

Solutions

Klas Automotive also gives supply chain solutions services to the customers.

Klas Automotive has six steps for supply solutions.

Order - Taking orders from customers,

Plan - Laying the foundation for an effective and efficient supply chain,

Provide - Providing the product,

Source - Bringing it all together,

Store and Customize - Getting it ready to sell,

Deliver - Getting it where it needs to be.
